Return on investment

Let's take a look at the most important business data* of a fitness studio:

- Average cost of a 20-30 minute EMS training: **20-40 Eur**
- Average number of trainings performed per month: **450**

This means that within a 3 month period the initial investment returns. **After 3 months your business will produce profit.**

*Based on Justfit survey 2019 Q3 with participation of 220 fitness studios from 18 countries.
